THE Minister of the Interior states, under date the 3rd October, 1910, that the Canadian Pacific Railway has applied to purchase a tract of 1.59 acres of land for additional sidings at Cedar, in the Glacier Park, B. C.

The Minister recommends, as these lands, which are more particularly described hereunder, are required by the Company in the operation of its line of railway, and as the same have been inspected and found available, that they be withdrawn from the Glacier Park and sold to the Canadian Pacific Railway at the rate of \$10 per acre:—

Composed of all that portion of the North-West Quarter of Section Twenty, in the Twenty-eighth Township in the Twenty-fifth Range, west of the 5th meridian, which may be more particularly described as follows:—

Two strips of land fifty and one-half feet in width parallel with and adjoining the eastern and western limits of the land taken for right-of-way of the Canadian Pacific Railway, as the same is now constructed across said land and lands adjoining the same, and as shown on a plan of said Railway, signed by James F. AT THE GOVERNMENT HOUSE AT
OTTAWA.

Saturday, the 29th day of October, 1910.

PRESENT :

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

THE Minister of the Interior states, under date the 5th October, 1910, with reference to the Order in Council of the 18th April, 1907, authorising the sale to Dr. M. S. Wade, of Kamloops, British Columbia, of certain land in Township 21, Ranges 22 and 23, west of 6th meridian, and set out in the accompanying Schedule marked "A," comprising an aggregate area of 2,705.51 acres; the sale of these lands to be at \$1.00 per acre and upon the following conditions:—

(a.) "The applicant to at once pay into the Department of the Interior the sum of 25 cents per acre."

(b.) "The applicant to furnish the Department of the Interior, prior to 1st August, 1907, with a plan and profiles by an engineer showing the proposed irrigation works, the source of water supply, and the portions of the lands applied for proposed to be irrigated, all to be satisfactory to the Minister of the Interior."

(c.) "The applicant to put into operation his irrigation scheme within three years of the date of the approval of this Minute of Council, and show within that period and to the satisfaction of the Minister of the Interior that he has successfully irrigated not less than 500 acres of the area applied for."

"If, however, the applicant complies with the conditions set out under (a), (b), and (c) and pays into the Department of the Interior upon the successful completion of his irrigation scheme the balance of 75 cents per acre, he, the Minister, recommends that he be authorised to issue patents to the said applicants for the lands set out in the said Schedule 'A.'"

That on the 14th December, 1906, Dr. M. S. Wade applied to the Department of the Interior for certain additional parcels of land, comprising an area of 581 acres, and set out in Schedule marked "B," attached contiguous to the lands set out in Schedule "A" which, he stated, were suitable for irrigation and necessary to complete his project. This application was favourably considered by the Department of the Interior and the amount of 25 cents per acre paid, all subject to the approval of the Governor in Council.

That Dr. M. S. Wade, on the 16th April, 1908, assigned his interests in the irrigation of the lands set out in Schedule "A" to the Barnes Estates, Limited, which Company has bonâ fide carried on and has satisfactorily complied with the first three requirements of the Order in Council, dated 18th April, 1907, above referred to, and is now entitled to patent for all the land set out in Schedule "A" upon the successful extension and completion of the irrigation system to cover all the irrigable area.

The Minister further states that last April an engineer of the Department of the Interior made a report on the development operations to that date of the Barnes Estates, Limited, and he reported that this Company had proceeded with its irrigation project with despatch and credit, that the ditches, canals, flumes, etc., were of a very permanent, substantial and efficient nature, and he recom-

mended that, under the provisions of the Order in Council above referred to, 1,390.6 acres of land covered at the date of his inspection by the irrigation works then completed should be immediately patented, and that upon the extension of the irrigation works over the remaining land set out in Schedule "A," and subject to a favourable report upon a second inspection, patents should be issued for it. In regard to the additional parcels of land set out in Schedule "B," he reported that these lands were absolutely useless for cultivation without water; that water could only be put on through the irrigation system of the Barnes Estates Limited; and he recommended that as their main canal would cross some of these additional parcels applied for, and as they were all necessary to round out and complete the lands set out in Schedule "A," the Department of the Interior should sell these additional parcels at one dollar per acre upon completion of the entire irrigation project.

The Minister, in view of the excellent bonâ fide work done to date by this Company, and in view of the Departmental Engineer's favourable report, recommends that he be authorised to sell the 581 acres, set out in Schedule "B" hereto attached, to the Barnes Estates Limited, at one dollar per acre, and on the following special conditions:—

(a.) The applicant to proceed with the irrigation project already under way to cover all the irrigable lands set out in Schedule "A" and "B" hereto attached, to the satisfaction of the Minister of the Interior.

(b.) Upon the completion, on or before the 1st October, 1911, of the irrigation system to cover all the remaining irrigable lands in Schedule "A," and also the irrigable portions of the additional lands set out in Schedule "B," the applicant to pay into the Department of the Interior the balance of 75 cents per acre on all the lands, when the remaining unpatented lands in said Schedules "A" and "B" will be patented.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.
